God & Science

Agree

Disagree

Science disproves God.

Science and religion need each other.

Are Values Just Constructs?

The nature of the universe depicted by modern science makes unacceptable any supernatural or cosmic guarantees of human values.

— The Humanist Manifesto

Sex is [only] the gene's means of producing more genes.

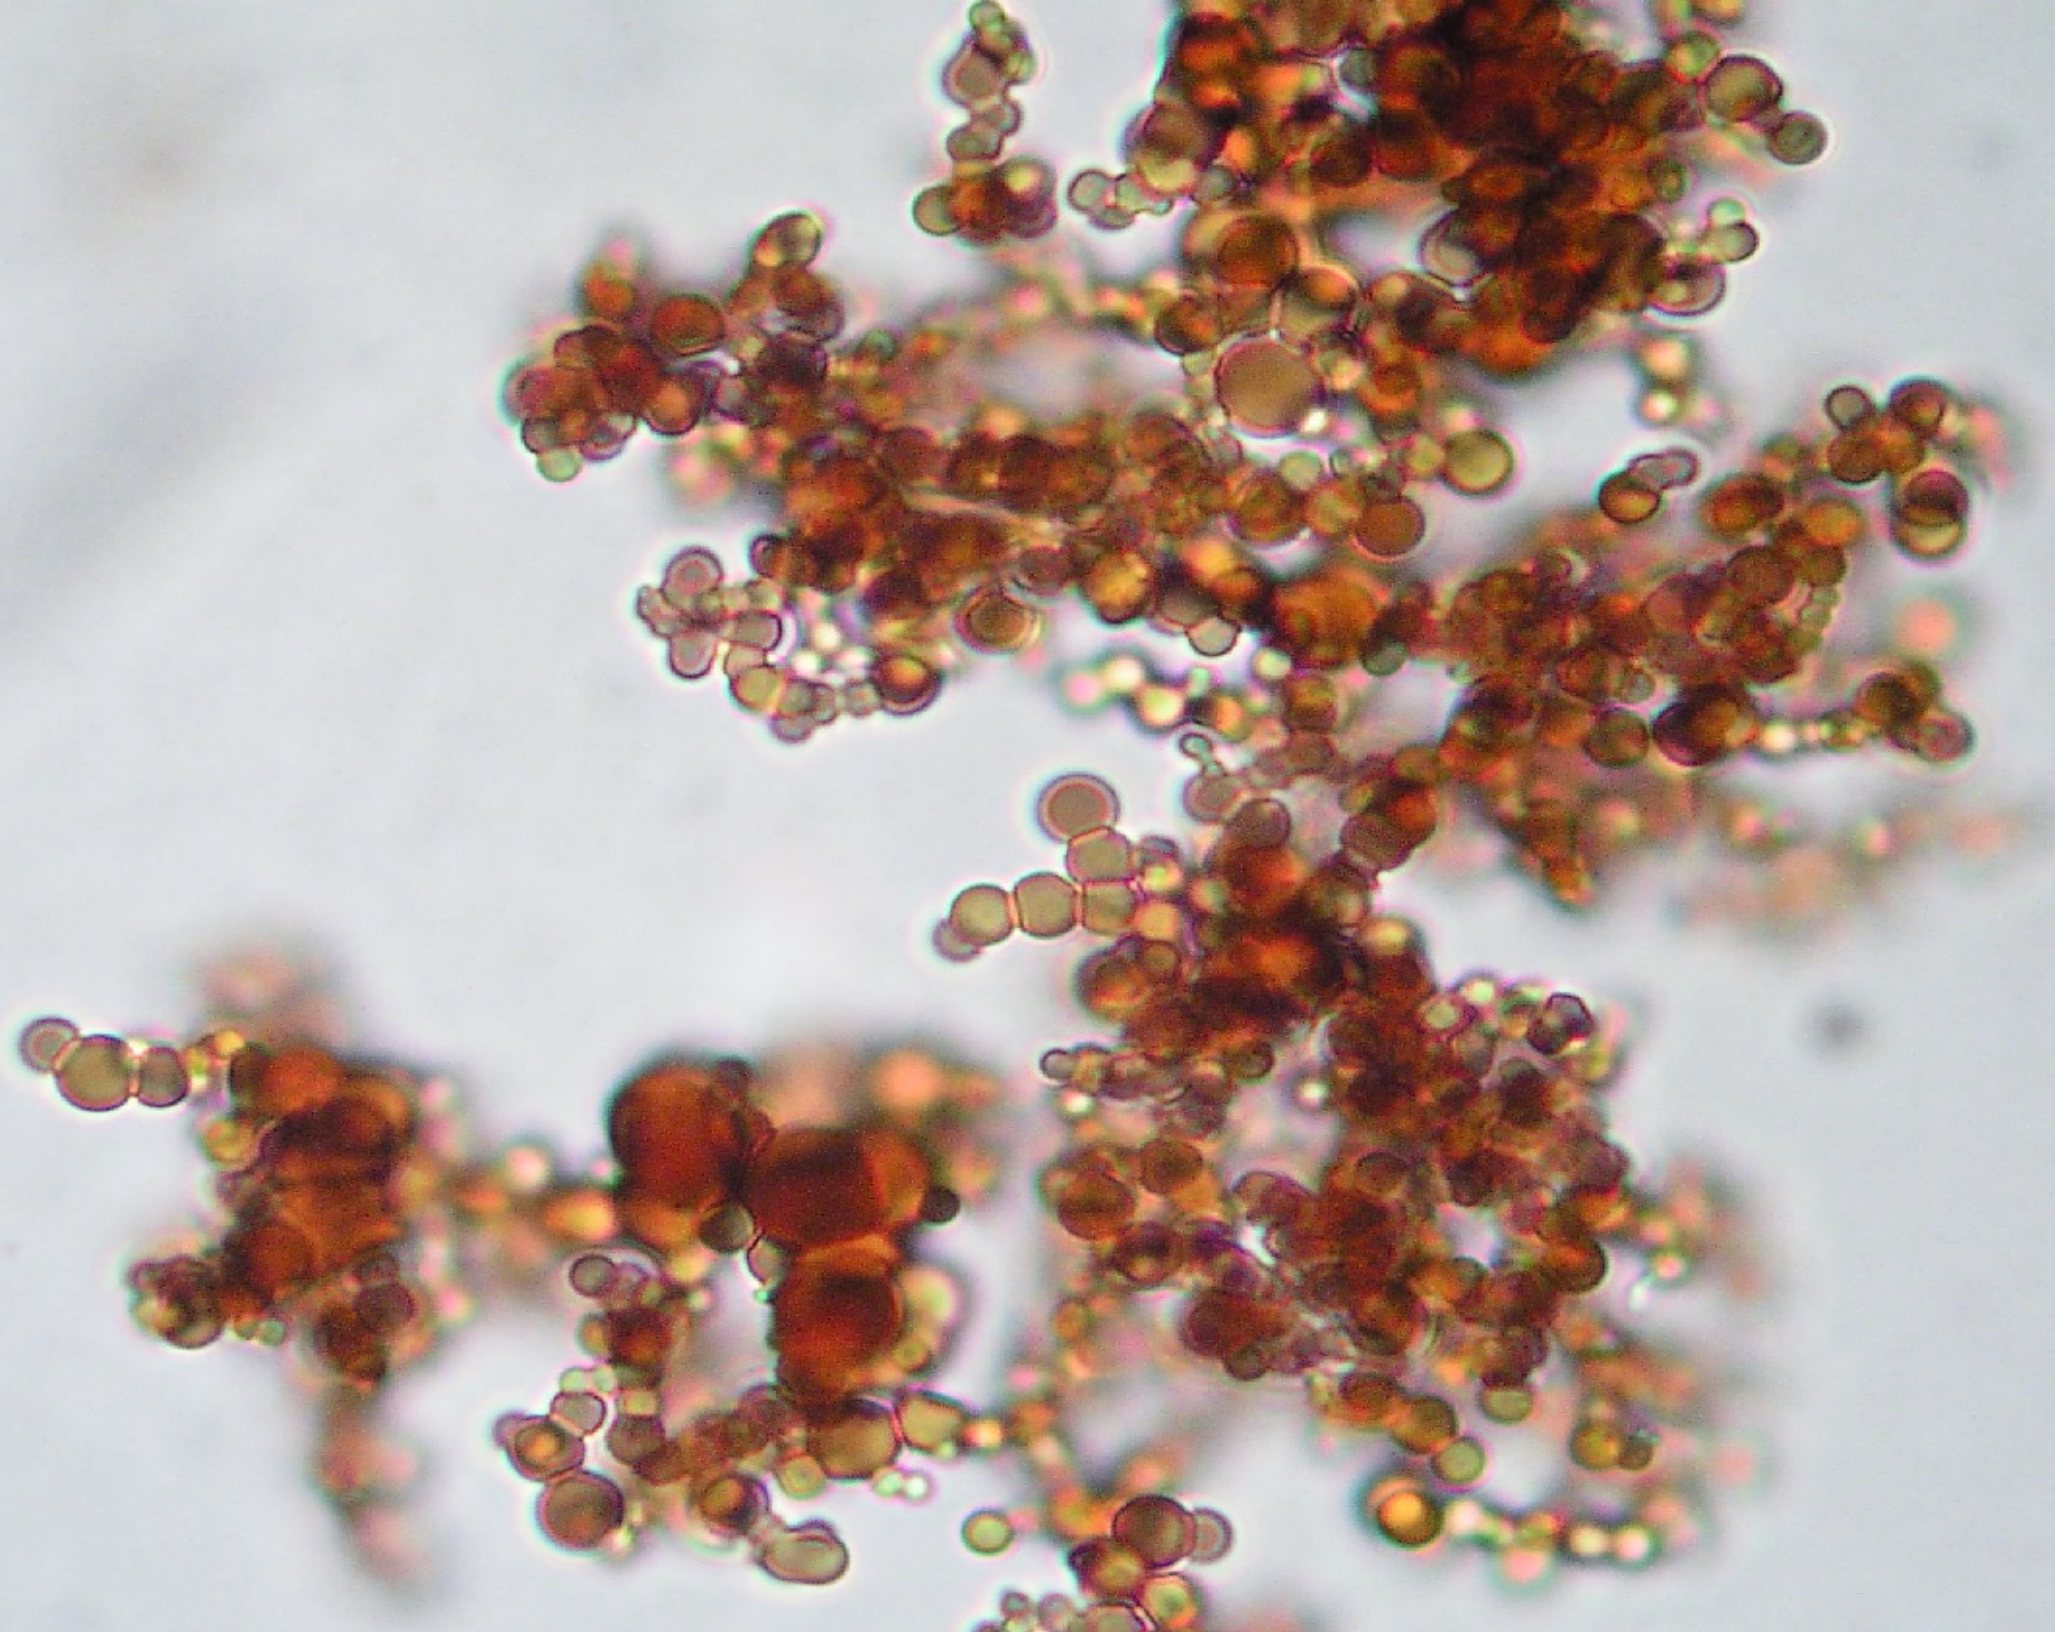

— Richard Dawkins, *The God Delusion*

If evil exists, then good exists ...

if good exists, a moral law exists by which to measure good and evil ...

if a moral law exists, [then there must be] something that is transcendingly true at all times, regardless of whether I believe it or not. — Ravi Zacharias

How to explain your pain & suffering?

How much do you resonate with the following? (1= low, 5= high)

If God exists, either He can do nothing to stop the most egregious calamities, or He does not care to. God, therefore, is either impotent or evil. — Sam Harris
